Noah Adams *and* Bridget Liang  
**Trans and Autistic**  
Stories from  
Life at the Intersection

**Sept. 17 & 24, 2020 // 7:00-8:30pm**

Join authors **Bridget Liang** and **Noah Adams** with moderator **Dr. Jake Pyne** to discuss their new book ***Trans and Autistic: Stories from Life at the Intersection***, featuring talks from several of the people interviewed.

Drawing upon a wealth of interviews with transgender people on the autism spectrum, the authors explore experiences of coming out, self-discovery, healthcare, family, work, religion and community support, hoping to help dispel common misunderstandings around gender identity and autism, while allowing autistic trans people to see reflections of their own neurodiverse experiences. ***Trans and Autistic: Stories from Life at the Intersection*** is now available for purchase from stores and online retailers, including Amazon and Bookshop.
